BARN QUILT WISDOM... Stopping along busy roads can be dangerous and illegal. Use caution when slowing down or stopping near a site. Most sites are on private property and should be viewed from a public road. Please do not trespass on private property. Enjoy our trails.

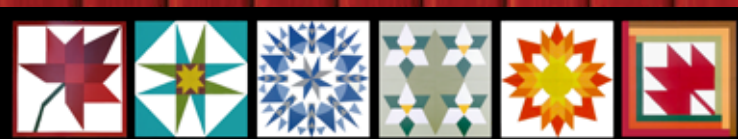

Our trail began in 2013 with our first barn quilts painted by students at two of our local schools. Our goal was 50 barn quilts... today we have over 150 installations throughout the County. Prince Edward County Barn Quilt Trails will take you on a beautiful drive through our small towns and through our bucolic countryside. Be sure to stop in each town and take a walking tour of the barn quilts displayed. Visit our website at www.pecbarnquiltrails.com or Ontario Barn Quilt Trails website www.barnquilts.ca. We welcome your comments at pecbarnquiltrails@gmail.com

Prince Edward County, Ontario is proud to be part of a North American network of traditional rural art... Barn Quilt Trails, and to host one of the largest outdoor art galleries that is open 365 days a year. Come for a drive in "The County" and explore our beautiful island community. In 1820, the Pennsylvania Dutch displayed barn stars or hex symbols on their barns, which represented a trademark of a particular farm and were signs of good fortune and luck, as well as used for aesthetics. Today barn quilts are single quilt square designs, based on a farm's crops, i.e. corn and beans design, family quilts, mostly a barn quilt is simply a design that is appealing to its owner.

Colours on a barn quilt, give another special meaning to the design. Brown - earth, friendship & strength Black - protection & binding together Purple - sacred, royal Blue - protection, peace, calmness & spirituality Green - growth & fertility Orange - abundance, harvest Red - passion, charisma & creativity White - purity, love, the moon & energy flowing freely Yellow - health in body & mind, the sun energy

# Welcome to The County's Outdoor Art Gallery!
